YOU BEGIN | DE COMMENCER | DE COMENZAR

Make sure that the door and panel fit within the shower enclosure. To do so, measure the height and width of the shower threshold, and compare these measures to those of the door.

**S'assurer que la porte s'ajuste bien par rapport à l'ouverture prévue pour la douche. Pour ce faire, il faut mesurer la hauteur et la largeur du seuil et comparer les mesures prises à celles dans l'encadré ci-dessous.**

*Asegúrese de que la puerta se ajuste a la cabina de ducha. Mida la altura y el ancho del umbral de ducha y compare esas medidas con las de la puerta.*

Code	Description	H	L Adjustable	Door Opening	Wall Adjustment	Walk thru
135325	Uptown Pivot 76" x 45" - 47"	76"	45" - 47"	22 3/4"	1/2"	73 7/8"
135326	Uptown Pivot 76" x 57" - 59"	76"	57" - 59"	22 3/4"	1/2"	73 7/8"

Compare the X measurement to the chart below. **If X is MORE than the maximal measurement below you won't be able to install this door in your shower alcove.**

Comparer la mesure X prise précédemment avec les valeurs du tableau ci-dessous. **Si X est PLUS élevé que la mesure maximale ci-dessous, vous ne pourrez pas installer cette porte dans votre cabine de douche.**

*Comparar la medida X con las de la tabla abajo. Si X es MÁS que la medida máxima mostrada abajo, no podrá instalar esta puerta en su cabina de ducha.*

Alcove/Nicho	Min.	Max.
48"	45" (1143mm)	47" (1194mm)
60"	57" (1448mm)	59" (1499mm)

Horizontal and vertical studs are needed in order to install the water fixtures. See appropriate installation guides.

**Des 2' x 4' horizontaux et verticaux sont nécessaires pour l'installation des composants de robinetterie. Voir les guides d'installation correspondants.**

*Se necesitan montantes horizontales y verticales para poder instalar los accesorios de plomería. Ver las guías de instalación apropiadas.*

A two person installation is recommended.

**Une installation par deux personnes est recommandée.**

*Se recomienda realizar la instalación entre dos personas.*

# BEFORE | AVANT | ANTES

Partes requeridas:

**BOTTOM TRACK INSTALLATION**  
**INSTALLATION DU RAIL INFÉRIEUR**  
**INSTALACIÓN DEL RIEL INFERIOR**

- A.** Measure the distance wall to wall at the top and subtract 3/16".  
**A.** Prendre la mesure du mur au mur en haut et soustraire 3/16 po.  
**A.** Medir la distancia de pared a pared en la parte superior y restar 3/16".

- B.** Cut the track to the recently taken measurement on the same edge of the big slot.  
**B.** Couper le rail selon la mesure calculée précédemment sur le même bord de la grande fente.  
**B.** Cortar el riel según la medida tomada recientemente en el mismo borde de la gran ranura.

  
Cut on the side of the big slot  
ONLY.  
**Couper sur le côté de la grande fente SEULEMENT.**  
Corte en el costado de la ranura grande SOLAMENTE.

- C.** Place the wall jamb over the track and against the wall.  
**C.** Placer le montant mural sur le rail et contre le mur.  
**C.** Colocar el montante mural sobre el riel y contra el muro.
