

## Installation Instructions

**Important: Please read these instructions before starting work.**

1. Check that there are no buried pipes or cables before drilling holes. Take extreme care when using electrical equipment near water.
2. When mounting accessories onto a tiled surface, a piece of insulating tape applied to the surface will help to prevent drill slippage.
3. Do not fix accessories onto newly painted surfaces as chemical reactions could cause discoloration to the products. (Please refer to the manufactures instructions.)
4. We recommend the use of a specialized drill bit when fixing accessories to tiled area.

### **Supplied Mounting hardware:**

Mounting post, screws and wall plugs

### **Mounting Instructions:**

1. Establish the position for the accessories, making sure there is sufficient room.
2. Measure the center to center distance between the two hanger tabs on backside of mirror. Transfer measurement marks to the wall, ensuring the marks are horizontal by use of a carpenter's level.
3. Drill holes to a depth of 1" inch using a ¼" inch drill bit and insert the wall plugs so they are flush with the wall.
4. Using the supplied screws, fix the mounting posts into the wall plugs.
5. Hang mirror onto mounting posts.

### **Care Instructions:**

We recommend regular cleaning with a mild soap and dried with a soft cloth. The use of abrasive cleaners or bleaches will damage the finish.
